Emergency Preparedness

Emergencies are unexpected and can be disastrous if you haven't put mitigation strategies in place in advance. As the kids go back to school and work activity picks up, it's important to understand the basic elements of an emergency action plan (EAP) and how to put one in place.

Steps to Prepare

- 1) ASSESS YOUR SAFETY RISKS.
- 2) IDENTIFY POTENTIAL EMERGENCIES.
- 3) IDENTIFY AND DESIGNATE COMMUNICATIONS.
- 4) TRAINING, DRILLS, AND EXERCISES.
